There is much force in the D.I.'s remarks. I visited the school recently & gathered the impression that the teaching in the lower classes was good. There would be no objection if the school could exist as an elementary school & the new Govt. school was purely an A.V. school

BANGALORE

Most respected Sir,

I respectfully beg to approach your generous honour with the following prayers

I the undersigned started an A V School situated in the Lakshmipuram Extension, by the name of ' Akshara Shala ' in the new method of Kindergarten system, on the 1st November 1911, since there was no institution of any kind near at hand, for the requirements of the inhabitants living in the vicinity

When the school was started there were only two students later on, the number of students on the roll was increased to 105 during the course of two years The present strength of the institution is about 105 students on the roll It may be mentioned here that 2 boys passed their Lower Secondary Examination during the short period of 2 years

The staff consists of 9 efficient and duly qualified teachers to suit the present modern system of way of working as per educational rules now in force with a monthly expenditure of Rs 136/-

The generous Government have been graciously pleased to accord sanction for a monthly grant of Rs 15/- from the 1st July 1913, besides I collect private monthly subscriptions as mentioned in the enclosed testimonials appended hereto, for kind perusal

I am quite sure your generous horour will be fully convinced with the openions expressed by the genral public with regard to the efficient manner in which the school is working, On a kind perusal of the testimonials referred to above

As such it is now le rnt that Covernment have decicea to start anot'er A V School ir the vecinity detrimental to my irstitutior If what I hear is taken to be a fact, I beg to submit that my such (words) naturally fall down, thereby affecting the institution ard prospects ~~and prospects~~ of the staff

In conclusion, I pray that, instead of a new A V School being started by Government in close proximity to the present Akshara Shala, the present institution alone may be patronised, by graciously ~~by graciously~~ ordering the free grant to the Akshara Shala of the site, in which the construction of a new building is proposed to be erected, as also a libral grant to enable me to build the school as per new design

By so doing, I beg to submit that, not only will an aided-school, which is much ap reciated by the general public be encouraged, but also there will be a savings to Government from a financial point of view
